Safety Warnings

Damage

- · Please inspect the unit for damage after unpacking.
- Do not continue to operate the unit if you are in any doubt about it working normally, or if it is damaged in any way.

Temperature

- Avoid extreme degrees of temperature, either hot or cold. Place the unit well away from heat sources such as radiators or gas / electric fires.
- · Avoid exposure to direct sunlight and other sources of heat.

Naked Flames

 Never place any type of candle or naked flame on the top of or near the unit.

Interference

 Do not place the unit on or near appliances which may cause electromagnetic interference. If you do, it may adversely affect the working performance of the unit, and cause a distorted sound.

Thank you for purchasing your new product.

We recommend that you spend some time reading this instruction manual in order that you fully understand all the operational features it offers. You will also find some hints and tips to help you resolve any issues.

Read all the safety instructions carefully before use and keep this instruction manual for future reference.

Unpacking

Remove all items from the packaging. Retain the packaging. If you dispose of it please do so according to local regulations.

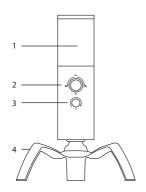

The following items are included:

Top View

Rear View

1. Mute Button

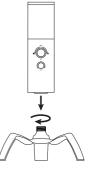

Press to mute the microphone, and press again to unmute.

2. USB-C Socket

Connect the USB-C plug of the USB cable to the UBS-C socket and the other end of the cable to the USB socket of your PC.

Installation with the stand

Place the microphone onto the tripod, and then secure it by turning clockwise.

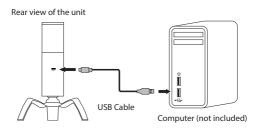

Purchase **ADXMCARM24** for the mounting arm, and **ADXPFLT24** for the microphone filter.

Connections

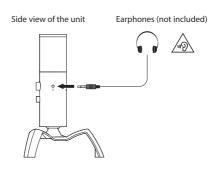

Connecting to the computer

Connect the microphone to your computer (not included) with the provided USB-C cable.

Using Earphones

Turn down the volume before connecting earphones (not included). Slowly raise the volume with the earphones on until you reach your desired volume.

Long-term exposure to loud music may cause hearing damage. It is best to avoid extreme volume when using headphones, especially for extended periods.

Software Installation

- 1. Plug the unit into the USB port of your computer.
- Download the latest gaming software from https://downloads.adxgaming.com (under ADX HUB 2)
- 3. Run the software (ADX HUB 2 Setup.exe) installer.
- 4. Follow the installation instruction to complete the installation.
- Choose ADX HUB 2.exe from the desktop to start the software.

User Interface

 Choose ADX HUB.exe from the desktop to launch the software.

 Select "Microphone" and then "ADXMIC24" at the bottom of the connected device list to enter the interface.

User Interface-Light

- Select Light to enter the Light Settings page.
- 2. Choose your preference among the below:
- Mode
- Brightness
- Speed
- Select "Apply" to implement your settings, or "Reset" to reset all settings.

User Interface - Light Effect

If one more ADX gaming device is connected, you may synchronize their light effect

- Select Light Effect, and the devices you want to apply the light effect.
- apply the light effect.

 2. Select your preferred
 Lighting Settings (Mode, Brightness and Speed).
- 3. Select "Apply" to implement your settings.

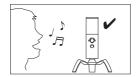

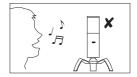

To reset the setting of a particular device, select a connected device shown in the menu, and then select **Reset**.

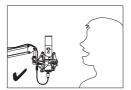

Hints and Tips

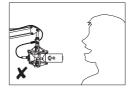

- Make sure the USB plug is fully plugged into a USB port and the computer is on or try to use a different USB port.
- If the unit is not working properly, re-insert the USB plug into the USB port.
- · While using the microphone, make sure that
 - 1) you are facing to the front of the unit;

 The microphone is in a stand-straight position (when it is connected with mounting arm ADXMCARM24, not included).
