Safety Warnings

- Read all the instructions carefully before using the unit and keep them for future reference.
- Retain the manual. If you pass the unit onto a third party, make sure to include this manual.
- For traffic safety, do not use the unit while driving or cycling.
- Listening to loud sounds for prolonged periods of time may permanently damage your hearing.

Before putting on the unit, turn the volume down then put the unit on and slowly increase the volume until you reach a comfortable listening level.

Thank you for purchasing your new product.

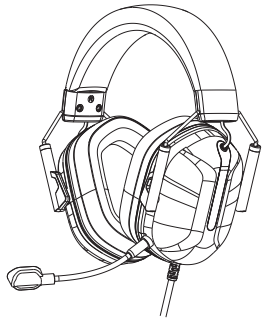
We recommend that you spend some time reading this instruction manual in order that you fully understand all the operational features it offers. You will also find some hints and tips to help you resolve any issues.

Read all the safety instructions carefully before use and keep this instruction manual for future reference.

Unpacking

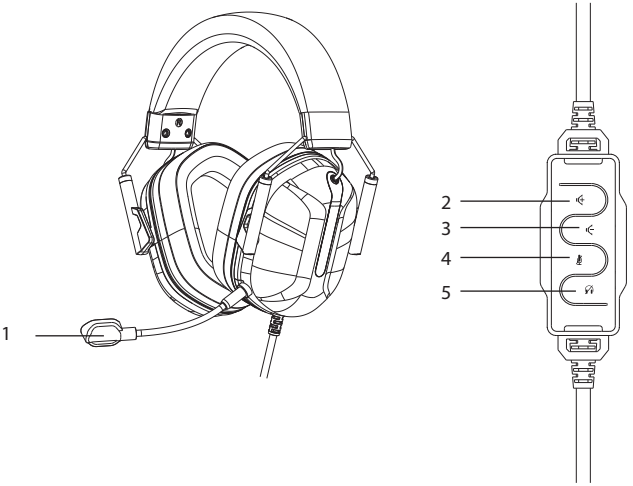
Remove all items from the packaging. Retain the packaging. If you dispose of it please do so according to local regulations.

The following item is included:



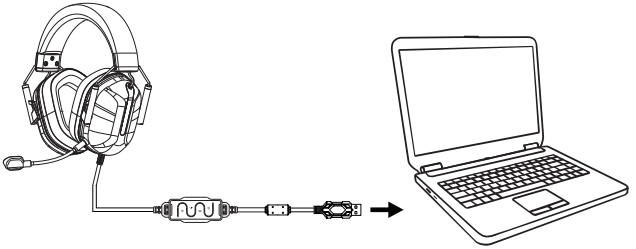
Gaming headset

Product Overview



1. **Microphone**
2. **Volume + Button**
3. **Volume – Button**
4. **Microphone On/Off Button**
5. **Headphone On/Off Button**

Headset Connection



System Requirements

Operating Systems: Microsoft® Windows® 10 / 11
Hardware: 1 available USB A port

Download the Installation Software

1. Plug the unit into the USB port of your computer.
2. Download the latest gaming software from **https://downloads.adxgaming.com** (under **SOFTWARE DOWNLOADS**)**.**

Software Installation

1. Run the software installer (**ADX ADXHS1125 setup.exe**).
2. Click "**Next >**" to start installation.

3. After the installation is complete, select "**Yes. Restart now**" to restart your computer. Click "**Finish**" to confirm.

- To access the user interface, you can find the installed software in the **System Tray**. Look for the software's icon in the System Tray to bring up the user interface on your desktop.
- You may "**Save**" your settings and "**Load**" it when desired.

User Interface - EQ Effects

After launching the software, select "**EQ**"**.**

EQ and 3D effect settings

- Select "**EQ on**" for EQ effect, and "**3D on**" for 3D effect.

Profile 1/2/3/4

- Select one of the profiles, adjust the level on **60 Hz** / **300 Hz** / **1200 Hz** / **3600 Hz** / **12000 Hz** from **-inf db** to **12 db**.
- Select "**Reset**" to reset all levels to **0 db**.

User Interface - Effect

After launching the software, select "**Effect**"**.**

- Select different **Effect** between "**None**", "**Theater**", "**Bathroom**", "**Living Room**" and "**Corridor**".

User Interface - Microphone

After launching the software, select "**Mic**".

- Set the microphone sound level from **0** to **100**.
- Select "**Mute**" to mute the microphone.
- The microphone level meter shows audio input level.

User Interface - Virtual 7.1

After launching the software, select "**Virtual 7.1**". It allows for personal calibration to fit for your ears, enabling you to configure to your perfect individual setting.

- After selecting "**Virtual 7.1**", you may further select between "**CCW**" (counter clockwise) and "**CW**" (clockwise) for the rotating direction.
- Select "**Reset**" to reset the default settings.

Hints and Tips

- Make sure the plug is fully plugged into the port of your device, and the device is on, or try to use a different USB port.
- If the unit is not working properly, re-insert the plug(s) into the port(s) of your device.
- If the software is not working properly, uninstall it and then reboot the computer. Re-install the software.
