

ADX HUB Software

(Compatible with ADXMK0620 / ADXM0620 / ADXCOM20 / ADXWM0720 / ADXWMK0520 / ADXM0419 / ADXFANLG20 / AFSH0520)

INSTRUCTION MANUAL

ADX HUB Software

With the ADX HUB software, you may set and synchronize the lighting preference of your connected gaming devices (e.g. ADXMK0620 / ADXM0620 / ADXCOM20 / ADXWM0720 / ADXWMK0520 / ADXM0419 / ADXFANLG20 / AFSH0520)

System Requirements

Operating Systems: Microsoft® Windows® 8 / 10
(Microsoft® Windows® 10 for ADXFANLG20)

Software Installation

1. Download the latest gaming software (**ADX_HUB_Setup**) from <https://downloads.adxgaming.com>
2. Run the software installer.
3. Follow the installation instruction to complete the installation.
4. Choose **ADX HUB** from the desktop to start the software.

The software is not available for MAC OS.

User Interface

In the user interface, you can see all the connected gaming devices. Select the following 4 preferences of lightsettings:

1. Spectrum Cycling

Select **Low / Medium / High** for **Frequency** setting.

2. Breathing

Select your preferred colour among 1-8, and its **Frequency** (Low / Medium / High).

3. Illuminate

Select your preferred colour among 1-8, and its **Brightness** (Low / Medium / High).

4. Disable

Select disable to switch off all the effects.

Confirm / Cancel / Reset Your Settings

- Click **APPLY TO ALL ADX MODELS** to apply the selected settings.
- Click **RESET** to reset all the settings. The display will show **“Are you sure you want to restore?”** Click **OK** to confirm.

When you connected more than 6 devices, it shows **“You can only connect up to six devices at the same time”**. Press **“OK”** to exit. Make sure that you only connect a maximum of 6 devices to your computer for light synchronization setup.

Exit

Click **Exit** to exit the user interface menu.

Hints and Tips

- Make sure that your gaming devices have been fully plugged into the computer before running the software. Otherwise, the display will show **“Please connect your ADX gaming product”**.
- If the software is not working properly, uninstall it and then reboot the computer. Re-install the software.
